As part of Cox Enterprises' global family, **Cox Automotive Europe** combines international scale with a deep understanding of local markets in the UK and continental Europe.

With over 2,000 employees and 9 product brands, we support over 18,000 vehicle manufacturers, retailers and fleet operators with market-leading solutions to help them buy, sell, own and manage vehicles more effectively.

# Our Solutions in Europe

Our product brands are organised by our solution groups, aligning perfectly with our customers' needs. Our solutions connect every stage of the vehicle life cycle.

## Funding Solutions

Our flexible, dependable funding makes it easy for retailers to buy the stock they need to grow their business.

Our product brands

## Remarketing Solutions

We connect sellers and buyers through the busiest physical and digital wholesale vehicle marketplaces in Europe.

Our product brands

They're a vital cog in the automotive machine to keep vehicles earning, moving and transacting for manufacturers, fleets and retailers.

## Retail Solutions

When it comes to automotive omnichannel retail and marketing, we know what good looks like. Our solutions simplify e-commerce and vehicle rental for our customers, and theirs.

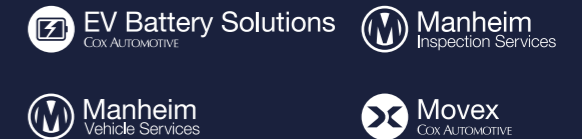

Our product brands

## Vehicle Solutions

We add value to every vehicle we touch. Our customers depend on our scalable and continually advancing vehicle and EV battery solutions to efficiently run their new vehicle, in-life and de-fleet programmes.

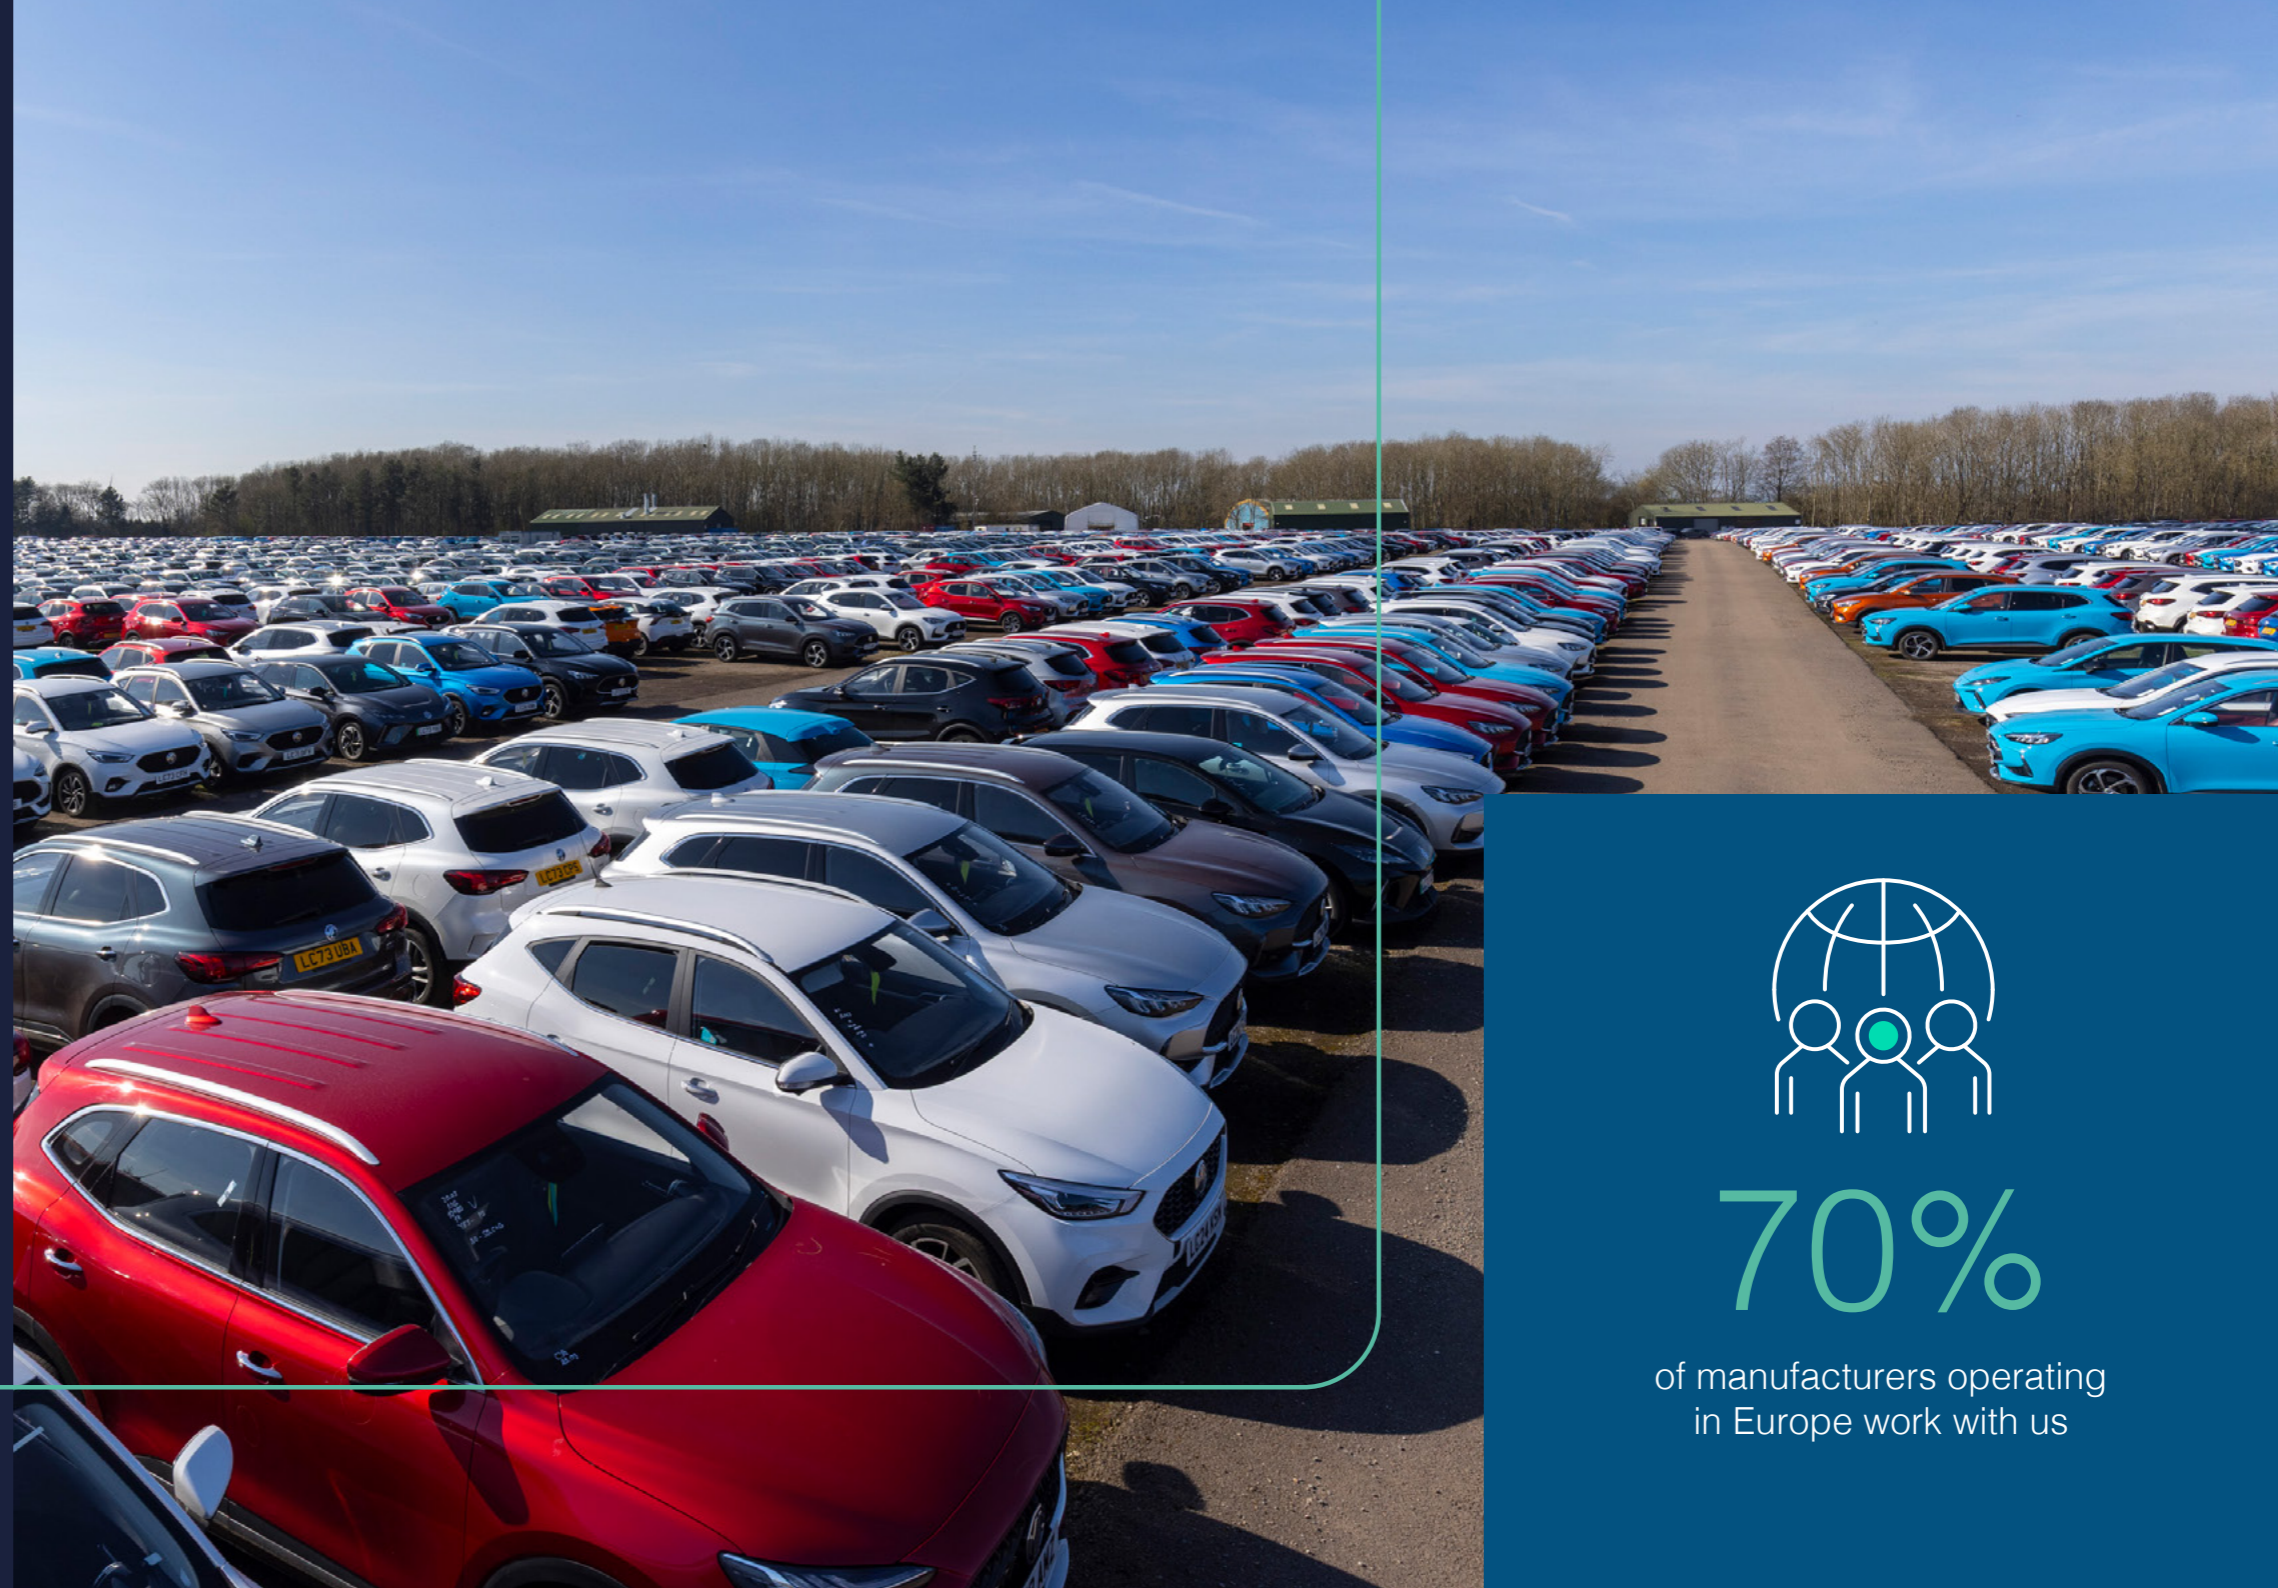

Our product brands

# Fuelling innovation. Driving results.

Whether it's transitioning to an electric future, evolving sales models, or growing across multiple markets, manufacturers have big ambitions. So, big ideas and innovative solutions are needed to get there. Our expertise, coupled with unrivalled insights, means we can help our customers see patterns and capture opportunities before others can.

Experience **Innovation**

# 70%

of manufacturers operating  
in Europe work with us

# Keeping your fleet ready for the road.

Fleet operators and owners depend on our smooth and efficient operations to keep their vehicles on the road and their disposals profitable. With an eye towards the future but feet firmly planted in the now, we help fleet operators and owners innovate and maximise the potential of their vehicles.

Experience **Scale**

>50%

of fleet operators and owners in the UK work with us

# Filling forecourts. Maximising margins.

In this fast-moving sector, retailers need agile and reliable solutions to buy, sell, fund and move vehicles. Our omnichannel solutions help retailers connect with buyers on- and offline, fill their forecourts, and ensure long-term success.

Experience **Profitability**

# 12,000+

European retailers  
work with us

A person wearing a full-body white protective suit, a respirator mask with two filters, and white gloves is using a spray gun to paint a car. The spray gun is orange and white. The car is partially visible on the left side of the frame. The background is a bright, white paint booth.

# Vehicle Solutions

Welcome to the behind-the-scenes force that keeps vehicles moving and earning. With increasingly sustainable practices and integrated services for EV battery assets, we work tirelessly to add value to every vehicle in our care.

Our customers depend on these scalable and ever-evolving services to power their new vehicle, in-life, mobility, de-fleet and EV battery life cycle activities.

## We help customers to:

- Process and PDI inbound new vehicles
- Deliver in-life services, including servicing, maintenance and repair
- Inspect and collect end-of-contract vehicles
- Process, refurbish, repair and prepare vehicles ahead of re-use or disposal
- Understand and address the needs of electric and hybrid vehicles
- Manage EV battery health, repair, refurbishment and storage
- Use data to make profitable refurbishment, usage and channel decisions
- Manage fleet and driver administration
- Meet stringent quality standards
- Prepare and deliver retail-ready vehicles to consumers

Complete life cycle services for manufacturers and fleets to help maximise every battery asset and protect their investment in electrification.

The specialist in consistent, compliant and professional vehicle inspections and assurance products.

#1

Leader for in-life battery services

As the leader in in-life battery services, we help manufacturers and fleets extend EV battery life, protect investment and shape the electric future through innovation and expert life-cycle management.

2m+

Vehicles simultaneously inspected and collected

We complete 2 million+ vehicle inspections and collections each year, delivering consistent, compliant and professional services that protect brands, ensure transparency and provide peace of mind for buyers and sellers.

The expert in operating sustainable and efficient new vehicle, in-life, and defleet programmes at scale.

The specialist logistics platform for vehicle movements, connecting the UK's largest network of transport providers with the people who need them.

250k

Vehicles prepped, repaired and refurbished yearly

We keep vehicles moving efficiently through scalable, sustainable services across new vehicle, in-life and defleet programmes. We move, store and refurbish vehicles while investing in large-scale, environmentally responsible operations for today and tomorrow.

250k

Vehicles moved per year

Movex connects customers with 4,000+ trusted transport providers nationwide. Get quotes, book a movement, and keep up to date with the status and location of your vehicles - 24 hours a day, 365 days a year.

# Remarketing Solutions

Experience [More](#)

# Remarketing Solutions

We connect sellers and buyers in the busiest digital and physical wholesale vehicle marketplaces in Europe.

From the latest EVs and in-demand LCVs to trucks and specialist vehicles, our auctions are a hive of profitable activity and the preferred choice for sellers and buyers who mean business.

## We help customers to:

- Buy and sell cars, vans, trucks and specialist vehicles
- Meet speed of sale, sales channel and net return ambitions
- Access the most relevant and active buyer base for their vehicles through open and closed channels
- Access data that supports decision-making
- Retain ownership of vehicle preparation and listing administration or outsource to us
- Uphold their brand values in the wholesale marketplace
- Establish their own direct wholesale channels

The UK's leading digital remarketing platform giving buyers and sellers more choice, better insights and greater margins.

One of the largest multi-channel wholesale vehicle marketplaces in the UK, Spain and Portugal.

600+  
Auctions  
ending daily

Dealer Auction is one of the UK's busiest digital auction sites – listing more vehicles, from more sources, to more buyers, all day, every day. It's hyper-efficient too, with tools that make it quick and easy to buy and sell stock online.

14  
Auction centres  
across Europe

With over 100 years of auction experience, Manheim Auctions is one of Europe's most well-known auction centres for both buyers and sellers. Whether you join us online or in person, we offer a choice of vehicles, locations and channels to suit you.

A digital auction platform for dealer-to-dealer transactions in continental Europe.

Software that transforms remarketing outcomes for large fleet operators.

700  
Vendors across  
Germany

Trusted by 700+ vendors, Manheim Express simplifies dealer-to-dealer trading with a fast, digital auction platform that cuts costs, increases confidence and streamlines logistics across Europe.

6m+  
Vehicles  
processed

RMS Automotive simplifies the complex world of remarketing for large businesses. It's flexible, facilitates cross-border transactions, and can easily scale from local to multi-market according to demand and potential.
